SERINAMAR GROUP

Real Estate · Hospitality · Property Services

El **Grupo** tiene una presencia corporativa muy sencilla y desde ahí se accede a las tres actividades.

---

1. SERINAMAR

Real Estate & Hospitality

Esta sería la web más completa porque tiene dos negocios importantes:

REAL ESTATE (serinamar.com)
- Property sales
- Long-term rentals
- Property investment
- Real estate advice

HOLIDAY RENTALS (naranjosdemarbella.com)
- Holiday apartments
- Reservations
- Guest services
- Property owners
- Holiday rental management

ABOUT SERINAMAR
- Marbella
- Más de 25 años
- Historia
- Equipo
- Contacto

👉 Esta sería la web donde **el cliente busca una propiedad, quiere comprar/vender o quiere reservar un apartamento turístico.**

---

2. IBERIANSUN

Owner Partnerships

La web de Iberiansun la enfocaría **100% al propietario/inversor**, no al huésped.

Por ejemplo:

IBERIANSUN
Turn your property into a professionally managed holiday rental.

Secciones:
- **For Property Owners**
- How it works
- Holiday rental management
- Owner benefits
- Our services
- Owner portal
- About Iberiansun
- Contact

Aquí explicas el modelo de colaboración y puedes poner:
Iberiansun works with selected property owners to professionally manage and commercialise holiday rental properties in Marbella and the Costa del Sol.

Y desde aquí puedes dirigir al propietario hacia **Serinamar** para determinadas operaciones y hacia **Just Banus** para servicios.

---

3. JUST BANUS

Property Management & Property Services

Esta web tendría un enfoque completamente diferente.
Your property. Our responsibility.

Servicios:

PROPERTY MANAGEMENT
- Property inspections
- Key holding
- Owner support
- Property preparation

CLEANING & LAUNDRY
- Holiday rental cleaning
- Private property cleaning
- Linen

- Laundry

MAINTENANCE
- Repairs
- Plumbing
- Electrical
- Air conditioning
- General maintenance

REFURBISHMENT
- Renovations
- Painting
- Improvements
- Works coordination

Y algo MUY importante:
You don't have to rent your property through us to use our services.

Esto te permite captar a propietarios que alquilan por su cuenta.

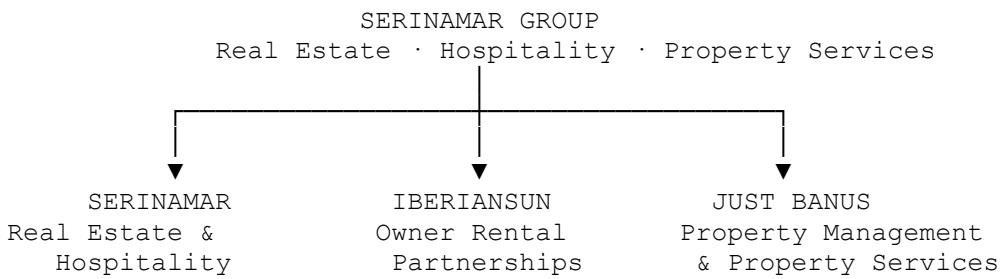

PARA DAVID: Lo que tienes que poner técnicamente:

BRIEF WEB — SERINAMAR GROUP

Arquitectura general

DAVID, **un brief muy concreto**, para que no tengas que interpretar qué queremos. Y haría que las tres webs tengan una identidad común, pero con objetivos diferentes.

Arquitectura general

Las tres webs deben compartir **estética, tipografía, footer y concepto de grupo**, pero cada una debe hablar a un público diferente.

1. SERINAMAR

Real Estate & Hospitality

Objetivo

Esta es la web **más comercial y más importante para el público general**.

Debe atender a:

- huéspedes
- propietarios
- compradores
- vendedores
- personas que buscan alquiler de larga duración

Yo **no haría tres logos completamente diferentes**.

JUST BANUS

Y en todos:

SERINAMAR GROUP

pequeño y discreto.

---

expresamente para DAVID

IMPORTANT: The three websites should feel like part of the same group, but each website must have a different commercial purpose.

Serinamar = Real Estate + Hospitality + Holiday Rentals

Iberiansun = Property Owners + Holiday Rental Partnerships

Just Banus = Property Management + Cleaning + Laundry + Maintenance + Refurbishment

Do not merge the three businesses into one website. They should have separate websites with strong cross-linking and a common **Serinamar Group** identity.

The group relationship should be visible but discreet. The websites should communicate **"three specialised companies, one coordinated team"**, rather than presenting the legal/shareholding structure.

Para el público:

SERINAMAR GROUP
Three specialised companies. One vision.

Eso permite construir una marca de grupo fuerte **sin modificar ahora la estructura legal que ya tienes.**
